# **ROAD MEETING TO DISCUSS REPAIR OF POTHoles AND DIPS**

**27<sup>TH</sup> February, 2021**

Most of the potholes which were previously repaired with Postcrete have been successful but some surrounding areas and new areas now need attention. We have 40+ bags of Postcrete purchased last year. Mickey & John will start work on Saturday, 6<sup>th</sup> March (weather permitting) and work down the road. Any help would be appreciated.

		<b>Action</b>
<b>Present:</b>	<b>Chris, Steve, Linda, John, Mickey</b>	
<b>Apologies:</b>	<b>Trevor</b>	
Steep drop from tarmac outside Braeside alongside hedge	Difficult to use Postcrete here, so use bags of asphalt. Linda has successfully used this in the past.	<b>Linda has bought 6 bags Macadam. ? use on Saturday</b>
3 other potholes alongside Braeside.	2 of these are filled with broken tarmac – Mickey suggested filling with Postcrete and then putting large tarmac piece back in pothole.	<b>Mickey &amp; John + help</b>
1 pothole alongside Braeside top drive	Postcrete	“
1 pothole alongside grass at Pinewood	Postcrete	“
1 pothole near drive of Windyridge	Postcrete	“
1 pothole alongside Lyn Cott.	Postcrete	“
At the drive entrance by No.22 there are 2 potholes which are breaking up.	Lee has already repaired 1 of these and it was agreed to leave these at present.	
4 potholes alongside John Howard's grass.	Postcrete	“
2 potholes between Ashridge and Martin Allen's	Postcrete	“
7 potholes between Martin's and opposite terrace.	Postcrete	“
5 potholes at the top of the road	Postcrete	“
